🪪 Profile

I am a passionate Associate Software Engineer who is extremely motivated and committed to building strong and cutting-edge online applications. I am learning and working continuously towards creating scalable, responsive solutions using the power of PostgreSQL, MongoDB, Express.js, React.js, and Node.js. My excellent problem-solving skills and focus on detail guarantee top performance and a wonderful user experience. I am committed to completing projects of the highest caliber on schedule as a cooperative team player. I'm prepared to use my technological knowledge to help innovative firms succeed.

💼 Professional Experience

Associate Software Engineer   01/2024 – present
Amnil Technologies ↗   Dhobighat, Lalitpur, Nepal

Node JS Intern   09/2023 – 01/2024
Amnil Technologies ↗   Dhobighat, Lalitpur, Nepal

MERN Stack Intern   03/2023 – 06/2023
Mervix Technology ↗   Budhanilkantha, Kathmandu, Nepal
As a dynamic MERN Stack intern, I played a crucial role in maintaining codebases, documenting APIs, resolving errors, and implementing new features on client projects. Additionally, I showcased my design skills by creating captivating UI elements based on Figma designs. I also actively contributed to the quality of the code by performing API unit testing to ensure the backend functions operated correctly and reliably.

🎓 Education
